We are attending

FRUIT LOGISTICA 2020

5|6|7 FEBRUARY BERLIN

Hall 1.2,
booth D-16

We breed
the genetics to
sustainably grow
your business

Visit us at our booth to see
how we support farmers
in a changing world

At Fruit Logistica we will be showcasing how we can accelerate innovation in vegetable seeds to increase the quality and nutritional value of crops, improve climate resilience and reduce post-harvest loss for the benefit of growers and the whole value chain.

This year you will also have the chance to discover YOOM™ our new healthy purple tomato nominated for the Innovation award 2020!

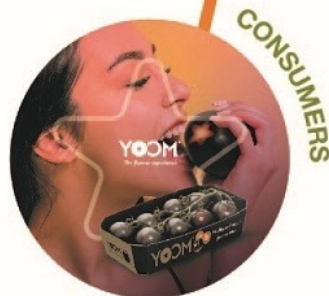

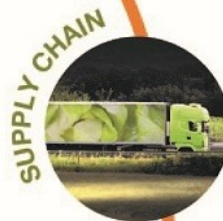

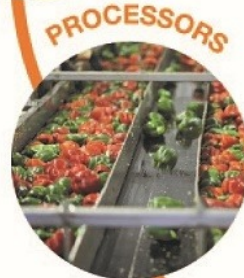

Nominated for
FRUIT LOGISTICA
Innovation Award
2020
